Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☒ **Time Extension Request**

Specific years requested 2001, 2002, 2003

Is this a second request? ☒ No ☐ Yes Specific years requested

(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (Not allowed for Regional Agencies).**

Specific ADR requested %, for the years .

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested %, for the years

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA—TIME EXTENSION

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City relies on additional funding to achievement most its solid waste diversion goals; funding from either surplus general fund sources or solid waste fees. As the lowest sales tax per capita city in Tulare County, there is little funding remaining from the general fund to support non-essential services (police, fire, streets). Further a +20% unemployment rate hinders the ability to increase solid waste fees. However, economic development, sales tax generation, and job creation have increased in the past year and the trend is anticipated to continue. With additional funding, the City will prioritize surpluses on recreation, recycling, and code enforcement.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

Now with available funding, more time is required to implement the City's recycling goals so that the City can meet the standards established by the State's foresightful legislature. The City is in the process of negotiating with its current waste hauler to provide a curbside recycling program. If those negotiations fail, the City will ensure that a curbside recycle program is included in a new solid waste contract to be executed prior to July 1, 2003.

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

Progress has and continues to be made. For example, 1) City began thinking more regionally in its recycling efforts as illustrated in its efforts to join the Tulare County regional agency, 2) City commenced negotiations with its waste hauler for curbside recycling program approximately six months ago, 3) for the last two years, the City has applied for bottle disposal grants with other cities in Tulare County to purchase two recycle trailers that will be stored in Farmersville at two park locations, 4) City has been receiving technical advice on establishing the programs identified in Section IV-A.

- 4. Provide any additional relevant information that supports the request.**

Current diversion rate is 42 percent—an increase from previous years.

*The diversion rate percentages identified in the plan of correction reflect the estimated increases to the City's diversion rate and may result in a different diversion percentage upon the City's joining the regional agency.

Membership in the regional agency will increase the reported diversion rate of the City to 50%.

Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).

1. Why does your jurisdiction need an Alternative Diversion Requirement? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

2. Why is your jurisdiction requesting an Alternative Diversion Requirement in lieu of a Time Extension?

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

4. Describe any relevant circumstances in the jurisdiction that contribute to the need for an ADR. Provide any relevant information that supports the request.

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

2000-RC-CRB	NEW	Each residence will be issued a 90 gallon container for recycling. Containers will be collected weekly and delivered to Tulare County Recycling for sorting. This program will start as early as July 1, 2002 and as late as July 1, 2003. An estimated 775 tons will be diverted.	Rate Increase	July 2003	8.81%*
2010-RC-SNL	NEW	Drop off containers will be placed at Roy's Park and Lone Oak Park (Lone Oak Park is the location where Little League, Softball and Pop Warner Football play games/practice. An estimated 4,200 residents visit the park for games; this does not include the Little League tournament that generates more than 1,000 spectators). Items will be picked up and uncontaminated by C-SET. The drop off containers will also be available for community events (5 de Mayo, Fall Festival, high school football games, carnivals, etc.). It is estimated that 18 tons will be diverted.	Grant	September 2002	.20%*
2080-RC-SPE	EXPAND	City currently offers a free dump day. In 2001, 76.1 tons were collected at the event. City will begin scheduling a spring and fall event. It also will recruit local volunteers to assist in sorting materials into recycle bins. City believes it can divert approximately 45 percent of the items discarded at the event. With a 45 percent diversion rate at two events, the City anticipates diverting 32 tons.	Refuse	April 2002	.36%*
2050-RC-SCH	NEW	City is working with waste hauler to provide containers at all the school sites for recyclable materials (plastic, glass, cardboard, and metal). Once implemented at the five schools, 18 tons will be diverted.	Refuse	September 2002	.19%*
3060-CM-GOV	EXPAND	City will expand its compost/mulching operation by accepting greenwaste from self-haulers at no cost. These items will be disposed at a City-owned site and sorted by City staff to be used for either mulch or compost. The program will also include the disposal of Christmas trees for those that do not wish to use their greenwaste bin. The City anticipates diverting 10 tons.	General	July 2002	.11%*
2040-RC-OSP	NEW	City will enforce resolution identified in "Programs Supporting Diversion Activities." This program will include the creation of a brochure that will be passed out with the building permit forms. The brochure will describe and explain how to comply with the ordinance. The brochure will also include a section of locations that except and the cost to divert cardboard, glass, concrete, lumber, tin, and other building supplies. The City will use its code enforcement officer to ensure that the ordinance is observed.	General	October 2002	.66%*
